Portfolio: [Osagani](#)

PROFESSIONAL SUMMARY

Ambitious Computer Science undergraduate with practical experience in full-stack application development, specializing in the MERN stack (MongoDB, Express.js, React.js, and Node.js). Experienced in building dynamic, database-driven web applications and implementing modern development practices. Strong problem-solving, analytical, and teamwork skills, with a proven ability to learn new technologies quickly. Passionate about software development, continuous learning, and delivering high-quality solutions. Eager to secure a Full Stack Developer internship where I can contribute to real-world projects while further developing my technical and professional expertise.

EDUCATION

Bachelor of Computer Science | NSBM Green University / 2023 – Present

Cumulative GPA: 3.91

Assured Diploma in Information Technology (DITEC) | Esoft Metro Campus / 2023 – 2024

G.C.E. Advanced Level – Physical Science Stream | St. Joseph's College, Colombo 10 / Negombo Branch / 2020 – 2022

PROJECTS

Forever Full-Stack E-Commerce Web Application (MERN Stack)

[Github](#) [Live Demo](#)

- Developed a full-stack e-commerce platform enabling users to browse, filter, and sort products, manage shopping carts with product variants, and place orders through a streamlined checkout process.
- Built a comprehensive Admin Dashboard for product management, inventory monitoring, and order tracking.
- Implemented order management features including delivery address handling, Cash-on-Delivery (COD) payments, and real-time order status updates.

Technologies: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, Bootstrap, Vercel

VibeChat – Real-Time Full-Stack Chat Application (MERN Stack)

[Github](#) [Live Demo](#)

- Developed a real-time messaging platform using Socket.IO to support instant bi-directional communication without page refreshes.
- Implemented secure user authentication and authorization using JWT, along with profile management and user search functionality.
- Added online/offline presence indicators and designed a responsive user interface optimized for both desktop and mobile devices.

Technologies: React.js, Node.js, Express.js, MongoDB, Mongoose, Socket.IO, JWT, Tailwind CSS, Vercel

MovWatch – Full-Stack Movie Discovery Web Application

[Github](#) [Live Demo](#)

- Built a modern movie discovery platform that provides real-time movie information through integration with the TMDB API.

- Implemented secure authentication and user management using Clerk and automated background workflows with Inngest.
- Designed and deployed a responsive frontend using React and Tailwind CSS, ensuring an engaging user experience across devices.

Technologies: *React.js, Tailwind CSS, Clerk, Inngest, TMDB API, Vercel*

Diabetes Prediction System – Machine Learning Classification Application

[Github](#)

- Developed a machine learning-based diabetes prediction system using Logistic Regression trained on the PIMA Indians Diabetes Dataset.
- Performed data preprocessing, feature scaling, model training, and performance evaluation to improve prediction accuracy.
- Prepared the model for web deployment using Flask to enable real-time predictions through a web interface.

Technologies: *Python, Pandas, NumPy, Scikit-learn, Flask*

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, C, JavaScript, TypeScript, MATLAB, Dart, C#
- **Frontend:** HTML, CSS, Bootstrap, React, Next.js, Angular, PHP
- **Backend:** Node.js, Express.js, JSP, Servlets
- **Databases:** MongoDB, MySQL, Firebase
- **Machine Learning:** Data preprocessing, model training & evaluation (Scikit-learn)
- **Tools & Platforms:** Git, VS Code, Android Studio, NetBeans, Tomcat, Jupyter Notebook, Postman, Figma, Vercel
- **Currently Learning:** SpringBoot, Three.js

CERTIFICATIONS

- AI & Machine Learning – SLIIT University
- Web Design for Beginners – University of Moratuwa
- Responsive Web Design – FreeCodeCamp
- JavaScript Algorithms & Data Structures – FreeCodeCamp
- SQL (Basic to Advanced) – HackerRank
- Applied Information Technology – SLT Training Centre, Welisara

LEADERSHIP & ACTIVITIES

- IEEE Student Branch – NSBM: Subcommittee Team Lead, Finance Division (2024 – 2025)
- Association of Computer & Data Science – NSBM: Vice Treasurer (2024 – 2025)
